India's rise as a global power in the 21st century is driven by its economic diplomacy, as detailed in "**Economic Diplomacy: India's Ascendancy in the 21st Century**", edited by Pradeep S. Mehta, Amb. Anil Wadhwa, and Advaiyot Sharma. The book explores India's evolving policies, trade negotiations, and strategic engagements, highlighting its role in global trade, partnerships, technology, and governance. This event features a distinguished panel of senior diplomats and policymakers who contributed to the book and have shaped India's foreign and economic policies.
